OUR MISSION

is to empower young Latinas and their mothers through education and support services that increase preparedness, participation, and success in post-secondary education.

OUR VISION

is to increase the number of Latinas completing a postsecondary degree and obtaining a career so they can rewrite the narrative of their family and their community.

Con Mi MADRE was founded and incubated in 1992 by The Junior League of Austin’s Hispanic Mother-Daughter Program. The founding impetus was statistical information that indicated that in the early 1990’s in Austin, a Latina baby had a less than a 1% chance of securing a college education. Fast-forward a few decades, High School graduation and college enrollment rates have increased, but they still remain the lowest compared to other ethnic/racial female groups. These numbers decrease even more further along the educational pipeline. Social, economic, political, cultural, and environmental factors experienced at such a young age have been shown to have a significant effect in Latinas’ educational attainment and mental health. However, with appropriate access to resources and consistent academic and emotional support, Latinas can obtain a postsecondary degree and reach all of their endeavors.

Con Mi MADRE returned to in-person services at the start of the 2021-2022 school year. This was put to a pause in January, and services returned to virtual settings due to new variant spikes. The organization returned to in-person services in the Spring to end the school year. We appreciate our participants’ patience and flexibility as we pivoted to prioritize their health and of our staff. This year was also the start of our curriculum redesign. We worked with consultants to update on-campus lessons making them more culturally relevant and grade-level appropriate. This modification brought a new training tool, established through a trauma-informed lens, to prepare our staff for successful implementation. We seek to pilot this new curriculum during the 2022-2023 school year.
