2019-2020 ANNUAL REPORT

Con Mi MADRE
Mothers And Daughters Raising Expectations
Con Mi MADRE was founded and incubated in 1992 by The Junior League of Austin’s Hispanic Mother-Daughter Program. The founding impetus was statistical information that indicated that in the early 1990’s in Austin, a Latina baby had a less than a 1% chance of securing a college education. Fast-forward a few decades, High School graduation and college enrollment rates have increased, but they still remain the lowest compared to other ethnic/racial female groups. These numbers decrease even more further along the educational pipeline. Social, economic, political, cultural, and environmental factors experienced at such a young age have been shown to have a significant effect in Latinas’ educational attainment and mental health. However, with appropriate access to resources and consistent academic and emotional support, Latinas can obtain a postsecondary degree and reach all of their endeavors.

PURPOSE

By 2022, the majority of all women in Texas will be Latina.

By 2060, 1/3 of the female population in the USA will be Latina.
After 28 years of empowering girls to draft and seek lofty education goals, we have learned so much about what makes Con Mi MADRE’s programs successful. We have confirmed time and again that by uplifting and guiding mothers to help their daughters on their journey to higher education and by walking with the girls on that path, it is possible to break cycles of poverty and rewrite the history of a family for generations to come. The year 2020 brought unforeseen challenges with a global pandemic that has disproportionately impacted the Latinx community. Con Mi MADRE quickly pivoted to address basic needs and conduct virtual programming. The strong relationship that we have formed over the years with our mother-daughter teams allowed us to offer the necessary support to help build the resilience that we all need to manage this complex historical moment.

Our many stories of success have come about because a village of individuals work together year after year to make it a reality. The support of our dedicated staff, our community partners, a visionary board, and loyal donors and sponsors convey to our participants that we are invested in their success. As the fastest growing consumer group of our country, Latinas are shaping our economy. I am extremely proud to know that those who fund our work understand that investing in our program is investing in our society’s future. Thank you for giving us the opportunity to transform lives and to change history!

WHO WE ARE

OUR MISSION
is to empower young Latinas and their mothers through education and support services that increase preparedness, participation, and success in post-secondary education.

OUR VISION
is to see Latina students rewrite the narrative of her family and her community.

Our Pillars

Parental Engagement
At CMM we believe that creating opportunities for parents to engage in their child’s education will lead to postsecondary success.

Educate Holistically
We provide mothers and daughters the social-emotional skills they need to advocate for themselves and overcome emotional and physical obstacles.

Empowerment
At CMM, we equip mothers and daughters with the knowledge and advocacy skills to succeed in spite of systemic barriers.

Cultural Relevance
We have a passionate team whose experience mirrors that of the students we serve, which helps build trust with families and demystify the process of seeking a postsecondary education.

Community-Centered
We unite with local organizations and individuals to better meet the needs of the community.

Programming Goals

College Readiness & Persistence

Financial Knowledge & Awareness

Emotional Intelligence
Preparation
6th-10th Grade
We start early to prepare students for academic, social, and emotional success. We host meetings throughout the school year where our coordinators deliver our social-emotional education curriculum on campuses.

Participation
11th-12th Grade
Participants continue to receive social-emotional sessions while commencing the process to fulfill the requirements to submit their college application.

Success
Post-Secondary
We continue to help Latinas reach their goal of a post-secondary degree by offering students supportive guidance and academic advising services.
